

2040 VIRGINIA STATE HIGHWAY PLAN

The 2040 Virginia State Highway Plan is underway by VDOT. This plan will:

- Serve as a supporting element of the VTrans Multimodal Transportation Plan
- Develop short range and long range recommendations for improving and managing Virginia's highway network for the benefit of all roadway users
- Provide recommendations that may advance during the project selection process in future Six-Year Improvement Programs

Plan Development Schedule

Fall 2014	Review of existing plans and current trends
Winter 2014-2015	Development of draft recommendations
Spring 2015	Public review period
Summer 2015	Plan finalized

YOUR PARTICIPATION IS ENCOURAGED

Please provide your email address to a VDOT representative to stay informed of input opportunities!
